

Pastor Chanthea giving an update on Cambodia at the TMAI Summit

*This past October* I was blessed to attend the Master's Academy International (TMAI) Asia-Pacific Regional summit in Manila, Philippines with Pastor Chanthea and Pastor Sopheak (who I serve with at Shalom Phnom Penh Church). TMAI is a network of international training centers that provide Biblical training to future pastors, church-planters, missionaries, and evangelists. The network was started in correlation with the Master's Seminary where I graduated in 2009. It was wonderful to re-unite with fellow graduates as well as meet new, like minded men serving the Lord in Asia, as well as introduce Chanthea and Sopheak to those involved in training throughout the region. Even though I came down with the flu the second day, it was a blessing to be able fellowship together and receive mutual encouragement.

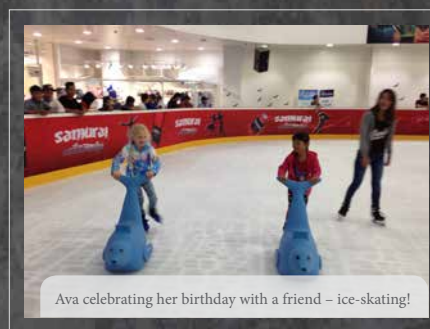

*With the year coming to a close,* we will be completing our exposition of the book of Hebrews at Shalom Phnom Penh Church and then launch into some timely topical messages on church body life. Would you continue to pray for us as we serve the church, and care for the flock? We are praying that more would be added to our number as they come to faith in Christ, and that the church body would grow in maturity. I've been struck how the book of Hebrews has aligned so well with where our church is at, and praise the Lord for His faithful work through His Word and Spirit.

In His love,

*Nathan and Christiana*  
Ava, Paton and John

## Prayer Corner:

- Pray for Shalom Phnom Penh Church, as we finish our exposition of the book of Hebrews that God would mature the believers and bring others to faith in Christ through our witness.
- Pray that God would grant health to our family. And specifically for Christiana as she is still experiencing symptoms from her migraine episode six months ago.
- Pray for Cambodia's leaders and for Christians to keep their eyes on Christ as the situation becomes more unstable with the upcoming election next year.
- Praise that Nathan's trip to the TMAI summit went well.
