Do We Really Need Another Christian Book?

Dear Friends,

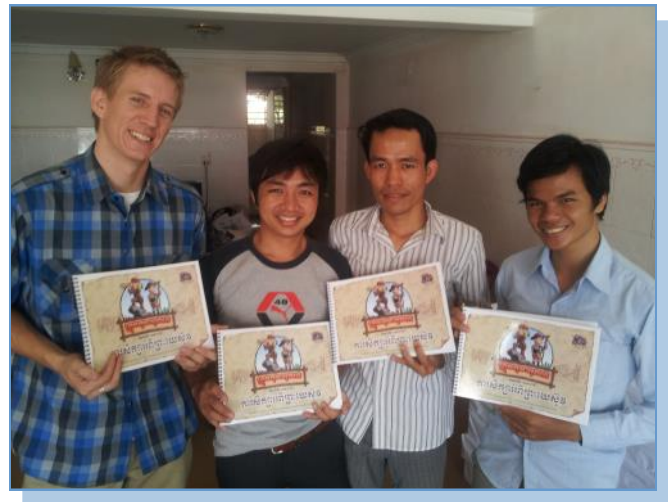

The answer to the question above is maybe, maybe not, depending on what kind of book it is!

In a country that was devastated by civil war and genocide only a generation ago, **the Cambodian Church is in desperate need of solid biblical resources.** There is a big gap between the educated and the uneducated. The Church is trying to regain their footing but the resources are limited. There are a bunch of reasons why we spend a significant amount of time and energy to put good resources into the hands of the Khmer Church.

Here are just a few:

- 1) Limited solid Christian books exist in the Khmer language.
- 2) Books are mobile, long-lasting, and can be used where there are no teachers.
- 3) It gives Cambodians access to some of the best teachers in Church history.
- 4) Pastors need additional tools to aid them in feeding the flock that God has entrusted to them.
- 5) The books will continue to produce fruit after we die!

The Resource Development Team of Action Cambodia, led by our teammate Nathan Wells, shares a vision for translation that we pray will have a long-term impact in Cambodia. We are committed to make sure that resources are translated accurately by working diligently and persistently through Spirit lead work. The team begins each morning together in the Word and prayer before committing themselves to the work. We believe that our translation ministry can be a critical contribution to seeing the Cambodian Church built. Thank you for partnering with us through your prayers and support. You can participate with us by giving towards a specific project which are listed on the reverse side. Would you prayerfully consider teaming with us in this vital ministry?

As always, we are blessed to serve the Lord and partner together in the Gospel ministry (1 Thess 1:2-4). Thank you for standing with us the past ten years!

In His Bonds,

Daren
